

The 4th Bangkok International Fetal Echocardiography Symposium

9 - 11 January 2017
Radisson Blu Plaza Hotel, Bangkok, Thailand

Dear colleagues and friends,

It is with great pleasure and honor to invite you to an upcoming the 4th Bangkok International Fetal Echocardiography Symposium (BIFES) to be held in Bangkok during Jan 9-11, 2017.

This year, the symposium will be tailored to the audience's growing interest in natural and unnatural history of congenital heart disease (CHD), from fetus to grown-up adult. During the first two days of symposium, the course will provide a series of dedicated lecture on fetal echocardiographic diagnosis involving a variety of CHD, fetal cardiac function assessment and an updated technology for prenatal screening of CHD. The audiences' favorite hands-on scanning directed by world-renowned faculty is included. New topics of this year are a new technology for assessing fetal cardiac anatomy by using fetal cardiac MRI, the utility of magnetocardiography for diagnosis of fetal arrhythmias and an updated treatment of fetal tachy and bradyarrhythmias.

On the third day of symposium, held in conjunction with the 2nd International Adult Congenital Cardiology Symposium, attendees will experience a unique presentation of major CHD from fetus-to-adult life, natural history of treated and untreated case. Besides from the scientific program, you will have a chance to share your case, both fetal and adult, in the "puzzle the experts" session. The selected delegates for this session will get a discount on the registration fee.

All of the 2017 BIFES committee are looking forward to welcoming you to this magnificent meeting.

Poomiporn Katanyuwong
Course Co-Director

On the behalf of organizing committee

Invited Speakers

Mark S. Sklansky, MD

Professor, Chief of Pediatric Cardiology,
Mattel Children's Hospital UCLA, USA

Gurleen Sharland, BSc, MBBS

Professor, Consultant Fetal Cardiologist,
Fetal Cardiology Unit, Evelina London
Children's Hospital, St Thomas' Hospital, UK

Satoshi Yasukochi, MD

Professor, President of JSPCCS.
Director, Heart Center.
Nagano Children's Hospital, Japan.

Hitoshi Horigome, MD, PhD

Professor, Department of Child Health
Faculty of Medicine University of Tsukuba

Theera Thongsong, MD

Professor, Dept of Obstetrics and
Gynecology, Faculty of Medicine,
Chiang Mai University, Thailand.

The Fourth Bangkok International Fetal Echocardiography Symposium

Jan-9-2017

07:30-08:00	Registration
08:00-08:15	Welcome and opening
08:15-08:45	Prenatal screening for congenital heart disease: Panburana
08:45-09:15	Segmental approach to fetal congenital heart disease: Sklansky
09:15-09:45	Atrio-ventricular septal defect: Sharland
09:45-10:15	Hypoplastic left heart syndrome: Sharland
10:15-10:30	Coffee break
10:30-11:00	How to differentiate PA with VSD from truncus arteriosus?: Thongsong
11:00-11:30	Transposition of the great arteries: Sharland
11:30-12:00	Utility of fetal cardiovascular MRI: indications and limitations: Sharland
12:00-12:30	Lunch Symposium: Updated 3D/4D fetal echocardiography Chen Ching Kit
12.30-13.30	Lunch
13:30-14:00	Coarctation of aorta and interrupted aortic arch: Thongsong
14:00-14:30	Pulmonary venous anomalies: Thongsong
14:30-15:00	Tetralogy of Fallot and absence pulmonary valve syndrome: Sklansky
15:00-15:15	Coffee break
15:15-15:45	Image optimization and transducer manipulation: Sklansky
15:45-17:00	Hands-on scanning: Faculty

Jan-10-2017

08:00-08:30	Assessment of fetal heart rhythm: Yasukochi
08:30-09:00	Utility of magnetocardiography for the diagnosis of fetal arrhythmias: Horigome
09:00-09:30	Ebstein anomaly: Katanyuwong
09:30-10:00	Diagnosis and treatment of fetal and neonatal long QT syndrome: Horigome
10:00-10:15	Coffee break
10:15-10:45	Diagnosis and treatment of fetal brady- and tachyarrhythmias: Horigome
10:45-11:15	Pulmonary atresia with intact ventricular septum: Sklansky
11:15-11:45	Impact of placental problems on the fetal heart: Kaul
11:45-12:15	Lunch Symposium: Mindray
12:15 - 13:15	Lunch
13:15-13:45	Heterotaxy syndrome: Sklansky
13:45-14:15	Fetal cardiac function assessment: Yasukochi
14:15-14:45	Fetal cardiac tumor: Yasukochi
14:45-15:00	Coffee break
15:00-15:30	Interesting case presentation: Wanitkul, Promsonthi, Chanthasenanont
15:30-16:15	Fetal echo clip quiz: Sklansky

** Faculty and topics may be subject to change.

Jan-11-2017

Symposium 1: Spectrum of Major CHD from Fetus- to- Grown Ups Moderator: Petch Suntharos	
8:30-9:10	Frequent Genetic Disorder in CHD and Prenatal Screening Duangrudee Wattanasirichaigoon and Boonsri Chantrachakul
9:10- 9:50	Intracardiac shunt • Fetus-Children: Poomiporn Katanyuwong • Adult- Eisenmenger : Jamil Aboulhosn
9:50-10:30	Ideal time and method to close the shunt Petch Suntharos, Piya Samankatiwat
10:30-11:00	BREAK
11:00-11:45	Tetralogy of Fallot • Fetus-Children: Mark Sklansky • Surgery: Jule Namchaisiri • Adult: Alisa Limsuwan
Luncheon Symposium by Phillips Moderator: Poomiporn Katanyuwong	
11:45-12:25	Role of 3D echocardiogram in CHD Satoshi Yasukochi
12:25-13:20	LUNCH
Symposium 2: Follow Up Arrangement in ACHD Moderator: Petch Suntharos	
13:20-13:45	Heart Failure in CHD from Fetus to Grown-Ups Ivan Wilmot
13:45-14:10	Congenital Intervention from Newborn to Grown-Ups Petch Suntharos
14:10-14:45	Pregnancy in ACHD and perinatal caring Mark Sklansky, Jamil Aboulhosn
14:45-15:15	BREAK
Puzzle the Experts 1 Panel: Jamil Aboulhosn, Mann Chandavimol, Petch Suntharos Moderator: Worakan Promphan	
15:15-16:30	Challenging management in all ages CHD
