The 5th Bangkok International Fetal Echocardiography Symposium

5 - 7 February 2018
Eastin Grand Hotel, Bangkok, Thailand

Invited Speakers

Dear colleagues and friends,

It is with the great pleasure and honor to announce for the 5th Bangkok International Fetal Echocardiography Symposium (BIFES) which will be held during February 5-7, 2018 at The Eastin Grand Hotel Sathorn, Bangkok, Thailand. The scientific program this year has been tailored to each individual subspecialty, MFM and pediatric cardiologist, to enhance the knowledge to both field. Ultrasonographic approach for major anatomical abnormalities and disease specific approach will be presented by the world experts in this field to improve an understanding and guide to the prenatal management for each individual patient. The ultrasound workshop, hands-on session, is included for both normal and abnormal fetal heart.

With a rapid increasing in the number of research in fetal cardiology, we have seen this as an opportunity to share the work, especially from the clinician and scientist in the Asia-Pacific region. So all attendees are invited to present an interesting case, clinical or basic science research related to the field of fetal cardiology during 5th BIFES.

Finally all of the organizing committee would like to take this opportunity to thank and welcome you back on the 5th BIFES.

Poomiporn Katanyuwong
Course director

Mark S. Sklansky, MD

Professor, Chief of Pediatric Cardiology,
Mattel Children's Hospital UCLA, USA

Satoshi Yasukochi, MD

Professor, President of JSPCCS.
Director, Heart Center.
Nagano Children's Hospital, Japan.

Chen Ching Kit, MBBS

KK Women's and Children's Hospital,
Singapore

Theera Thongsong, MD

Professor, Dept of Obstetrics and
Gynecology, Faculty of Medicine,
Chiang Mai University, Thailand.

The 5th Bangkok International Fetal Echocardiography Symposium

Monday 5th February 2018

08.00-08.15 Welcome And Opening

Basic Knowledge In Fetal Cardiology

08.15-08.45 Fetal Circulation: **Panyu Panburana**

08.45-09.15 Updated Genetics And Cardiac

Abnormalities: **Boonsri Chantrachakul**

09.15-09.45 Fetal Cardiac Imaging: What Are We

(and Our Guidelines) Are Doing Wrong?

Mark Sklansky

09.45-10.05 Break

Ultrasonographic Approaches From

MFM's Perspective

10.05-10.35 Four Chamber View Scanning:

Teera Thongsong

10.35-11.05 Outflow Tract View Scanning:

Teera Thongsong

11.05-11.35 Three-Vessel And Tracheal View Scanning:

Teera Thongsong

11.35-12.00 Lunch Symposium 1

12.00-13.15 Lunch

13.15-13.45 Tips And Tricks In Fetal Echocardiography:

Teera Thongsong

Ultrasonographic Approaches From

Cardiologist's Perspective

13.45-14.15 Segmental Approach To Congenital

Heart Disease: **Chen Ching Kit**

14.15-14.45 Atrio-Ventricular Septal Defect:

Patama Promsonthi

14.45-15.00 Break

Hands-on Skill Practice

15.00-16.00 Hands-On Scanning: Normal Fetal Heart

Faculty

Tuesday 6th February 2018

Conotruncal Defect

08.00-08.30 Truncus Arteriosus: **Patama Promsonthi**

08.30-09.00 Transposition And Corrected Transposition

Of Great Arteries: **Poomiporn Katanyuwong**

09.00-09.30 Tetralogy Of Fallot And DORV: **Mark Sklansky**

09.30-09.50 Break

Left Side Obstructive Lesions

09.50-10.20 Aortic Valve Stenosis: Do We Really Need

Fetal Intervention? **Satoshi Yasukochi**

10.20-10.50 Coarctation Of Aorta And Interrupted

Aortic Arch: **Satoshi Yasukochi**

10.50-11.20 Hypoplastic Left Heart Syndrome:

Mark Sklansky

11.20-11.45 Interesting Cases Presentation:

(**MFM team Ramathibodi**)

11.45-13.00 Lunch

Right Side Obstructive Lesions

13.00-13.30 Critical Pulmonary Stenosis: **Chen Ching Kit**

13.30-14.00 Pulmonary Atresia With Intact IVS:

Satoshi Yasukochi

14.00-14.30 Tricuspid Atresia: **Poomiporn Katanyuwong**

14.30-15.00 Ebstein Anomaly: **Poomiporn Katanyuwong**

15.00-15.15 Break

Hands-on Skill Practice

15.15-16.15 Hands-On Scanning: Abnormal Fetal Heart

Faculty

Wednesday 7th February 2018

Fetal Myocardial Disease

08.00-08.30 Fetal Cardiac Function Assessment:

Mark Sklansky

08.30-09.00 Fetal Myocarditis And Cardiomyopathy:

Satoshi Yasukochi

09.00-09.30 Cardiac Tumors: **Poomiporn Katanyuwong**

09.30-09.50 Break

Fetal Venous System Anomalies

09.50-10.20 Total Anomalous Pulmonary Venous Return:

Satoshi Yasukochi

10.20-10.50 Ductus Venosus And Umbilical Vein

Abnormalities: **Patama Promsonthi**

10.50-11.20 Fetal Diagnosis Of Heterotaxy Syndrome

Mark Sklansky

11.20-11.50 Right Sided Aortic Arch And Vascular Ring:

Chen Ching Kit

11.50-13.00 Lunch

Advanced Imaging

13.00-14.00 Advanced Spatio-Temporal Image

Correlation Scanning Of Fetal Heart:

Satoshi Yasukochi

14.00-14.45 3D, 4D And 5D Fetal Echocardiogram:

Chen Ching Kit

14.45-15.00 Break

Finale

15.00-15.30 Future Of Fetal Cardiac Diagnosis And

Treatment: **Mark Sklansky**

15.30-16.00 Fetal Echo Quiz: **Mark Sklansky**

16.00 Closing

**** Topics and Speakers are subject to be changed without notification ****
