29<sup>th</sup> - 30<sup>th</sup> November 2021

## Abstract Sheet

<b>Lecture Title</b>	The Role of Health Promoting University in Controlling the Pandemic at Universitas Gadjah Mada, Yogyakarta, Indonesia
<b>First Name/Last Name</b>	Prof. Yayi S Prabandari, M.Sc., Ph.D

### Abstract **[English]**

As a member of AUN/ASEAN University Network, it is recommended for members of AUN to implement health promoting campuses or health promoting universities/HPU. The Universitas Gadjah Mada (UGM) started to launch the HPU initiative in July 2019, although part of activities of HPU have been applied for more than two decades. When the pandemic occurred in the year 2020, the activities in preventing the NCD shift to control the pandemic. This presentation will describe how the HPU UGM plays a role during pandemic. As UGM established a special task force of COVID 19, HPU UGM became the member of its task force. HPU UGM developed several health communication media related to COVID 19 for the university staff and public. Together with other 10 public universities, HPU UGM also collaborated with the Directorate Health Promotion and Community Empowerment, the Ministry of Health Indonesia to develop the COVID 19 alert campus guidance.
